APRIL BOARD MEETING MINUTES

GVHRC Board Meeting
April 19th, 2018

Members in attendance- Justin Weaver, Dave Carey, Linda Galetti, Steve Arms, Josh Jolicoeur, Vickie Guess, Crystal Laing, Mindy Shank, Betty Pelham

Review of old minutes given by Crystal.

Secretary Report- Nothing to report

Treasure Report- Justin gave Report. Board has requested that the total account balance be on the bottom of the report.

Unfinished business-

Birds- There are about 40 left over birds that are being housed at John Connell's place for April event. Mindy will know on Monday if Field of Dreams will have any left over birds for May's event. We are going to be looking into ordering birds for next year through a reliable source. Justin will be talking to his friend.

Trailer- Dave is still checking with Scott Mills who owns Eugene Silk Screening on T-shirts and swag. It has been requested that we stick to simple hunter orange and camo for the shirts. There has been a request for women's shirts to be ordered as well. Justin is going to talk with Brandon who is part of Baker's Boots on shirt vendors. There was talk about redoing the club logo. Mindy and Betty know a gal in Idaho that will do it for \$60. Something needs to be done quickly because we are quickly approaching the HRC event.

Training Days 2018-

Crystal tried to contact Creswell gun club to see about possible dates for a family day in July and was never contacted back. Dave will contact Jim Wiota about holding it at Emerald Valley.

Ad in ODFW Synopsis- Michelle Akehurst put together a draft for the ad that was passed around. There are a couple of more edits that need to be made. The board has approved the ad. The ad will go live on September 1st. The Board agreed that we should get Michelle a gift for putting the ad together.

Facebook- still needs updated. Steve and Richard have not made contact yet. It was stressed that this needs to be done ASAP. We are advertising our FB page and our website. Dave will contact Richard and get the ball rolling. It was also brought up that in the near future we should come up with a mission statement that will be posted on both FB and the website.

Supplies- The supplies will be ordered and stocked. Also it has been requested we get business cards.

Registration Desk- The new class description sheet made things run a lot smoother.

HRC- All the equipment is almost fixed. The judges books have come in. We are already getting entries. Crystal has tied down a food truck for Saturday night. 8 Days a Beak will be at the event.

New Business-

April Training-

Puppy- Steve ran puppies of birds after their morning training. A special thanks to Dan Hagen for helping out with the puppies doing bird work.

Intermediate Pointer- there were four dogs total. The conditions were very tough.

Pointers- Everything went well given the conditions. The birds were wild and did really well. A special thanks to Kevin Beat who was a gunner almost every brace. We had 11 braces total.

Retrievers- Retrievers went well. There were fewer members this month. There was a problem with a member's dog. This dog has been a problem in the past. Steve has been contacted by the owner and will work with the member and the dog.

Next meeting will be the 1st Tuesday after the training day. Dave will set this up.

Meeting Adjourned at 7:40
