HUNTING & RETRIEVER CLUB

AUGUST NEWSLETTER

President's Message

We are at the final event of another club year. It's been a pretty good year so far. We have had a pretty good turnout at most of our events. Hoping everybody got the training and dog running they were hoping for. The upland, waterfowl and big game seasons are just around the corner. So cleaning and fine tuning your weapon of choice needs to be done soon. Making sure all your gear is in good repair and ready to go by the door. Don't

forget to get the appropriate license, tags, stamps and an ink pen that works to mark that tally sheet. Keep your four legged partner in good health, up to date on their vaccinations and proper fitting safety wear. Good luck to all.

We have seen a decrease in the number of pointers this year, if any one knows of anyone with a pointer pup, young or old dog that would like some help in training or fine tuning their pointer, be sure to encourage them to become a member of the club. We have some good trainers on both sides, pointer and retriever, that are willing to help those that want to put the time into the training process. It takes effort and commitment to bring a dog

along to where you have a good working dog. It takes a lot of effort and time commitment to a get a great working dog. Be sure this is understood, its not a once a month training day that gets you that good working dog. They have to take what they learn at the training day, go home and work with their dog with the new knowledge they have gained. There is always a resource, someone that can answer a question or two if they get stuck or are having a training issue. Next board meeting will be Tuesday, August 7th at 6pm at the Countryside restaurant on River Rd.

Stay cool my friends,

David Carey

Homemade Dog Ice Cream Recipe

How to make:

- 1, Mash the banana and stir into yogurt.
2. Warm the peanut butter either on your stove or in the microwave until it is easy to stir.
3. Add the banana/yogurt mixture and the honey.
4. Mix everything until well combined.
5. Pour into non-stick trays or containers and freeze. We like to use ice cube trays, or freeze in small dog sized containers!
6. Freeze over night or until frozen.

It is nicer if you take it out of the freezer to let it soften before giving it to your dog.

Ingredients

- 1 Banana
- 1 cup peanut butter
- 2 cups natural yogurt
- 2 table spoons honey

Is your four-legged hunting partner ready for opening day?

MAKE A DIFFERENCE
SIGN UP TODAY!

There are so many wonderful people within the club that go out of their way to make GVHRC such a success. They are most often the first ones to pitch in and lend a helping hand to make a BIG job more fun and enjoyable. It takes what seems like a small army to put on an event. So next time you see a fellow GVHRC member helping out be sure and thank them for their time and effort for going the extra mile. If you are interested in helping out with setting up for our club events feel free to get with any board member to point you in the right direction. There are many things that go on during a event also like gunning, bird planting, loading a launcher, or tossing bumpers, and so on. If you feel the need to volunteer we would love to add you to the list.
